Capital Markets Law Lawyer - We advise on capital market law

Securities law (or Capital Markets law) is the group of laws and regulations that govern the issuance of securities. A security is a financial instrument usually designed to raise money for a business from investors in the business. Securities law dictates what a corporation has to do in order to offer their investment to the public.

What is Securities Law / Capital

Markets Law?

“The term capital market covers anything related to either the public or private sale of interests in some product – a corporation, a partnership or a loan – and the selling of interests in that product.” The equity capital markets are the easiest to understand. They’re the world’s stock markets.

Capital markets explained - Chambers Student Guide

‘Capital markets’ is the term used for financial markets where debt or equity securities are traded. Capital markets lawyers work primarily with transactions involving the issue of debt or equity securities either to the public or to a group of investors. Capital markets practice is closely connected to derivatives and financial regulation.
