The sturdy chairs are made with FSC® approved Acacia wood with hardwearing rope detailing on the back. The rope is UV resistant and weatherproof which means the chairs can be left outdoors all year round (except cushions). The Cora dining chairs are full of comfort with back and seat cushions included.

More like a silhouette than a solid block, the Rope Chair is a line drawing translated into three dimensions, a simple artistic gesture rendered in space. Designed by Ronan & Erwan Bouroullec, the chair is a synthesis of contrasts: sophisticated engineering and creative expression, solid structure and flexible elements, stiff tubes and pliable rope.

~~Artek — Rope Chair~~

DESCRIPTION The Rope Chair features simple and iconic clean lines, framed out in tubed steel frame in a matte black powder coat finish. Seat and back create a comfortable option with the black leather upholstered cushions, which are filled with foam. The Rope Chair is available in a dining chair, arm chair and bar stool.

1. Invest in high-quality rope. First things first, you'll need to stock up on rope. Synthetic hemp rope, nylon rope, thick twine, paracord, and cotton rope are all viable options for a sturdy weave chair. On average, you'll need two lengths that are approximately 60 metres long each. But this can vary depending on the size of your chair.

The chair designed by Ronan & Erwan Bouroullec is a synthesis of opposites: sophisticated technology and creative expression, solid structure and flexible elements, rigid tubes and flexible rope. The rope, designed for use at sea, is at the heart of the unexpected comfort of the chair; as a load-bearing part of the construction, it enables the chair to be adapted to the user.
