The Stars, Like Dust (Galactic Empire #1)Author: Isaac Asimov. The Stars, Like Dust (Galactic Empire #1) 1. The Bedroom Murmured. The bedroom murmured to itself gently. It was almost below the limits of hearing-an irregular little sound, yet quite unmistakable, and quite deadly. But it wasn't that which awakened Biron Farrill and dragged him out of a heavy, unrefreshing slumber.

Sagittarius A* (pronounced "Sagittarius A-Star", abbreviated Sgr A*) is a bright and very compact astronomical radio source at the Galactic Center of the Milky Way.It is located near the border of the constellations Sagittarius and Scorpius, about 5.6° south of the ecliptic. Sagittarius A* is the location of a supermassive black hole, similar to those at the centers of most, if not all ...

Sagittarius A* - Wikipedia

Asimov's Galactic Empire Series has long enjoyed some great reputation. The Stars, Like Dust was the first one that I personally read, and I was immediately hooked. Although it is a science fiction, the plot did not overly focus on the science part, which makes it all the more enjoyable for common readers.
