Science says parents of successful kids have these 11 ...

Sears says, "It's never too late to try the AP approach with a child," but The Successful Child definitely will be most useful to parents who've raised their child according to AP guidelines through infancy and toddlerhood. Those who haven't may shudder when Sears writes that the developmental stage from birth to one year most influences a child's future success "because that's when caregivers leave the most lasting impressions on a child's brain."
