Yet, I believe a newbie to web trafficking would have a difficult time understanding this book. On a good (great) note, my Alexa rating went from 2 million plus to 33K in the United States. This means that my website's traffic is now in the top 1/4 of 1 percent in the United States. Therefore, I thank the author of this book for helping me.

First things first: an author's website, whether it gets much traffic or not, is foundational to your career. It offers readers as well as the media the official word on who you are and the work you produce. If you blog, then it can also be a way for the public to engage with you.

10 Ways to Build Traffic to Your Author Website or Blog

Web traffic is, in theory, the holy grail of running a successful website. The more you get, the more likely you are to generate more enquiries or sell more of your products or services. This blog post describes the most common sources of web traffic and how you can assess what is working and where to allocate your marketing efforts for the best return on investment using Google Analytics .

Web traffic sources and how to measure success

Website traffic statistics, including Alexa Rank, engagement metrics, referral sources, and more for any site in our database. Audience insights , including sites that share an audience with your site, topics your audience cares most about, and keywords they search for.

Alexa - Competitive Analysis, Marketing Mix, and Website ...

When a site links to your site, web users follow those links, resulting in web traffic, or referral traffic. When these backlinks, also called inbound links, come from high quality sites, they also tell Google your content is authoritative and trustworthy.
