"Wisdom of the Psyche is the bright book of the future for everyone involved with depth psychology and its creative transformation of the arts and sciences. Ginette Paris's stunning achievement is to combine autobiography, history of ideas, clinical originality, psychological theory and philosophical sophistication with the arts of a poet and novelist.

The Wisdom of Anxiety | Psychology Today

The id is the impulsive (and unconscious) part of our psyche which responds directly and immediately to basic urges, needs, and desires. The personality of the newborn child is all id and only later does it develop an ego and super-ego. The id remains infantile in its function throughout a person's life and does not change with time or experience, as it is not in touch with the external world.

[WorldCat.org]

DONALD DEMARCO According to Plato, wisdom is the communion of the soul with reality. By this he meant that wisdom gives us both a broad and reliable understanding of reality. At the opposite end of the spectrum for ancient Greek thinkers is Narcissus who saw nothing more than his own image as it was reflected in a mountain pool.

The wisdom of the psyche (Book, 2000)

[WorldCat.org]

Wisdom, with its mystical qualities, sits on a pedestal, inspiring awe and trepidation, a bit of hushed reverence thrown in. It's easy to distil wisdom's archetypes in history (druids, Sufi sages) or popular culture (Star Wars' Yoda, or Harry Potter's Dumbledore), but harder to apply to the person on the street. Most people would agree that wisdom is desirable, yet what exactly is it?
