How Is Tourism Affected By Climate Change? - WorldAtlas

The world's polar regions are attracting more interest than ever before. Once regarded as barren, inhospitable places where only explorers go, the north and south polar regions have been transformed into high profile tourism destinations, increasingly visited by cruise ships as well as becoming accessible with direct flights. Tourism is seen as one of the few economic opportunities in these ...

Warm up. Visitor numbers to Antarctica have increased rapidly with more than 37,800 tourists visiting Antarctica in 2008-09.

Visits are confined to the warmer austral summer months and the majority of visits are to the Antarctic Peninsula. This increase in visitors, confined to certain areas and intensified over certain months raises questions about the sustainability and environmental impact ...
