CTA May Guide Primary Prevention Statins in Nonobstructive CAD

[21] ¶ Pooled sensitivity and specificity of stress induced wall-motion abnormality (14 datasets, 754 patients) and perfusion imaging ... or suspected coronary artery disease (CAD).

Current Noninvasive Imaging Techniques for Detection of Coronary Artery Disease

Tragically, over 600,000 Americans die of heart disease each year. This deadly disease is on the rise - and so is the demand for CT imaging as the first line of defense. Yet this has challenges, ...

Aiming for a new standard in coronary artery disease

While there is an ongoing debate about medical vs. invasive management of stable coronary artery disease (CAD) patients, especially after publication of ISCHEMIA results, it is notable ...

A CAC score of zero rules out significant left main stenosis, AHJ study.

An artificial intelligence (AI) algorithm can accurately quantify plaque on coronary CT angiography (CCTA) exams, according to research presented July 16 at the annual meeting of the Society of ...

AI automatically quantifies plaque on CCTA

In recent years the search for new predictors of poor prognosis in CAD has revealed the presence of fragmented QRS (fQRS). Continuing this exciting arena of research, Torales et al have now ...

QRS fragmentation can predict regional motion abnormality on imaging, finds study.

Coronary artery disease, also frequently referred to simply ... treadmill or medication through an IV to stress the heart, then imaging the heart is done to see if there is reduced blood flow ...

What is Coronary Artery Disease (CAD)?

Severe nonalcoholic fatty liver disease is linked to subclinical atherosclerosis independent of Framingham risk score and body fat percentage.

Severe NAFLD Associated With High Subclinical Atherosclerosis Risk

During a dedicated session at SCCT, cardiac imagers discussed hopes and holes in the long-awaited US chest pain guidelines.

As New Guidelines Loom, CT Community Seeks to Fill Knowledge Gaps

Intravascular Ultrasound (IVUS) Market Size Key Factors Major Players Growth Strategies Trends Forecast Till 2027 ...

Intravascular Ultrasound (IVUS) Market Size, Key Factors, Major Players, Growth Strategies, Trends, Forecast Till 2027

Canon Medical Systems, USA joins forces with Cleerly in a strategic partnership to support simple and streamlined adoption of cardiac CT and create a new standard of care in heart disease. Together, ...

Canon Medical Partners with Cleerly to Tackle Heart Disease, the Leading Cause of Death

Images are acquired using a cardiac imaging protocol designed for simultaneous diagnostic ... They then used the same protocol to image 10 patients with symptomatic coronary artery disease, chronic ...

Simultaneous PET-MR imaging could improve the diagnosis of heart disease

A new market study published by Global Industry Analysts Inc., (GIA) the premier market research company, today released its report titled "Intravascular Ultrasound (IVUS) - Global Market Trajectory & ...

Global Intravascular Ultrasound (IVUS) Market to Reach \$849.6 Million by 2026

and non-invasively diagnose patients with suspected coronary artery disease. LHCH has provided HeartFlow's technology to more patients than any other site in the UK The team's cardiologist, with ...

NICE Guidance for Stable Chest Pain Patients (CG95 & MTG32) to Appropriately Diagnose Patients with Suspected Coronary Artery Disease

*Advanced imaging has been key to diagnosing and ... disease in more than 50% of individuals diagnosed with coronary artery disease is a heart attack or death. A Pioneering Approach for ...

Cleerly Launches with \$43 Million Series B to Provide a New Standard of Care for the Leading Cause of Death - Heart Disease

A large, Danish, observational study supports CTA in a workup for chest pain, with a glimpse of how best to tailor medication.

Statin Effects in Nonobstructive CAD Hinge on Plaque Burden, CTA Reveals

Moreover, the newer devices for intravascular imaging also include IVMRI, optical CT, and near infrared spectrometry. GE Healthcare and Heart flow are working together for the diagnosis and treatment ...

Intravascular Ultrasound (IVUS) Market Value...

Market is forecast to reach USD 555.3 Million by 2027, according to a new report by Reports and Data. Intravascular ultrasound uses a probe or transducer to generate sound waves and produce images of ...
