One of the best ways of understanding cultural influences on behavior is to watch kids, talk with kids, interact with kids, notice patterns in behavior. By becoming a student of your students, you can learn the kinds of things that would impact their behavior, get to know your students better and not just assume that everybody has the same set of guiding principles or parameters for behavior that you do.

This is because much of culture depends on our biological and evolutionary hardware, which is in flux. And our evolutionary heritage is largely one of aggression and violence, despite our pains to sublimate these influences through cultural activities like art and religion.

[How Important Is Culture in Shaping Our Behavior? | HuffPost](#)

The latter point is vital to understanding why culture does not only influence behavior but is also a generator of human behaviors. In our reflection about culture, this is directly related to how we understand why colonized cultures continue to exhibit and manufacture colonial residues that manifest in different ways in the social-psyche, political economy, and religious life of the Filipino people.

[Understanding Cultures Influence on Behavior: Brislin ...](#)

Researchers have found that Western cultures tend to be more individualistic while East Asian cultures tend to be more collectivistic. However, it's important to remember that many factors can influence individualism/collectivism, so individuals within a culture can also differ in their levels of independence/interdependence.

[Individualist or Collectivist? How Culture Influences ...](#)

Understanding different cultures is not only critical, but it also promotes ample coexistence. As we learn about diverse cultures, it is worth noting that all of us are individuals. Rather than generalizing, we should treat each other as individuals. This will go a long way in creating a better environment where we can all thrive.

[What are the Benefits of Understanding Different Cultures?](#)

Culture is a strong part of people's lives. It influences their views, their values, their humor, their hopes, their loyalties, and their worries and fears. So when you are working with people and building relationships with them, it helps to have some perspective and understanding of their cultures.

[Section 1: Understanding Culture and Diversity in Building ...](#)

All cultures vary, and each forms the basis for the attitudes, values and behaviors of its members. These are reinforced by social institutions and collective behavior. Within each culture, other social influences affect the behavior of its members.

[Social Influences on Human Behavior | The Classroom](#)

Social behavior, a subset of human behavior that accounts for actions directed at others, is concerned with the considerable influence of social interaction and culture, as well as ethics, social environment, authority, persuasion, and coercion.
