respiration, immune support for seasonal and environmental health or even for purposes of repelling insects, with the essential oils we are going to talk about today, you can do that safely and naturally. More specifically, we will discuss the right types of essential oils, the proper application process, and something about the essential oils issues that have made it difficult for cautious folks to use these oils on their pets. First, there are different forms of essential oils available today and animals metabolize and react differently to each of them. This alone has become a major concern. It is thus important that we all understand things such as the species-specific differences before using the essential oils. In addition,
