~~Zenoah Petrol Two Strokes — Just Engines~~

Introducing the G26ei—the second electronic ignition engine in the Zenoah line. What makes this engine even better is the 10% reduction in weight—that's six ounces lighter than the G26 engine with magneto. The electronic ignition makes the hand start even easier, and the G26ei also has smoother transition and better idle.

~~Zenoah Engine Spares - RC World~~

The engineers at Komatsu Zenoah reworked the ZG 38 several years ago, this entailed a completely new cylinder with very thin fins with increased surface area, this reworking brought a saving in weight of 100 g, reducing total weight to 1800 g. The intake port area was increased as well as that of the transfer passages and exhaust port giving an increase in performance. The ZG 38SC is very ...
